Dear Colleagues!

Welcome to Oslo in 2013 to the annual congress of the European Academy of Facial Plastic Surgery.

Oslo is not a metropolis, but has a lot of charm and is a city full of activities. You can have a look at the Scream by Edvard Munch, or admire our new beautiful Opera House from outside and inside, where you can enjoy a glass of

wine looking out to the Oslo Fjord.

The city is full of good restaurants with Bocuse d'Or awarded chefs.

We have simply called the congress "THE FACE". The best lecturers from around the world will update your knowledge within the area of facial, plastic and reconstructive surgery. All issues concerning facial cosmetic procedures will be covered, including full face transplant and endoscopic skull base surgery.

There will of course be free paper-sessions, specialist courses to give you more profound knowledge, live surgery demonstrations, chemical- and laser peel and injection courses.

We will have special attention to SKIN, teaching you how to stay young and fit forever.

Do not miss this congress!

Jarl A. Bunæs
President

THE FACE IS A MULTIDISCIPLINARY CONGRESS WITH EMPHASIS ON:

- SKIN
- SURGERY
- FILLERS, IMMUNOTOXINS, PEELS
- SKULL BASE
